12 April 1956

MEMORANDUM FOR: Project Director of Operations

SUBJECT: Air Force Cutting and Packaging  
Requirements for Film

1. In pursuance of your request I have obtained the following information from AFOIN based upon their consultation with Art Lundahl:

a. Nine and one-half inch wide film should be cut in 490 foot lengths in standard cans for storage, packaging only of a durability to stand up under shipment once;

b. Radar film should be cut in 100 foot spools in standard storage cans, same boxing as above.

2. Materials prepared as requested above should be addressed to:

Headquarters, USAF

AFOIN 1-25X9A5

Attention: 

At a later date Air Force may wish to have material sent direct to SAC but they have the initiative to let us know when they reach that decision.
